Preface <i>A. Nierhaus, G. Kreymann</i>	7
--	---

Sepsis: Concepts and Diagnosis

The Grading of Sepsis – Why we Need New Definitions <i>H. Gerlach</i>	11
Markers of Infection and Inflammation are Important in Intensive Care Medicine: Pro <i>F. Esen</i>	18
EBM in Intensive Care Medicine: Does it Work? <i>F. M. Brunkhorst.....</i>	26

Immune Response in Sepsis: Science and Clinics

Modulation of the Cytokine Network by Lung Protective Mechanical Ventilation Strategies <i>V. Fanelli, K. J. Bosma, A. S. Slutsky, V. M. Ranieri</i>	31
Coagulation in Sepsis <i>M. Levi, E. de Jonge, T. van der Poll</i>	45
Monocyte Anergy: The Chicken or the Egg? <i>G. Monneret, F. Venet, A. Lepape.....</i>	51
Natural Course of Septic Immunoparalysis – Recovery Indicates Higher Survival Rate <i>B. Montag, D. P. Frings, A. Heydorn, A. Zapfe, T. Steigemann, R. Jung, G. Kreymann, A. Nierhaus</i>	56

Mediators and Mechanisms

Pattern Recognition and Sepsis <i>R. R. Schumann</i>	63
Therapeutic Potential of a Lipid Emulsion in Gram-Negative Sepsis <i>D. M. Levine.....</i>	70

Multiorgan Failure is an Adaptive, Endocrine-mediated, Metabolic Response to Overwhelming Systemic Inflammation <i>M. Singer, V. De Santis, D. Vitale, W. Jeffcoate</i>	74
--	----

Mitochondrial Dysfunction in Sepsis <i>D. Brealey, M. Singer</i>	81
---	----

Risk Factors

Iatrogenic Immunosuppression in the ICU – What can be avoided? <i>M. Bauer</i>	97
---	----

Immunological Changes after Trauma: Surgery Influences the Severity and Outcome <i>M. van Griensven</i>	104
--	-----

Nosocomial Infection on the Intensive Care Unit Caused by Problem Organisms with Multiple Antibiotic Resistances <i>D. Mack, J. K.-M. Knobloch, M. A. Horstkotte, H. Rohde, E. Stürenburg</i>	111
--	-----

Predicting Death for Abdominal Septic Shock Patients – The Results of the MEDAN Project <i>R. Brause, E. Hanisch, J. Paetz, B. Arlt</i>	119
--	-----

Gerinnungsdiagnostik bei Sepsis – Alte Mythen, Neues Wissen <i>B. E. Kehrel</i>	127
--	-----

Therapeutic Aspects

Kortison bei Sepsis? <i>D. Keh</i>	133
---	-----

Surgical Treatment of Peritonitis <i>C. G. Schneider</i>	139
---	-----

How I Feed Patients with Sepsis <i>K. G. Kreymann</i>	143
--	-----

Wie ich neue Beatmungsformen einsetze <i>M. Sydow</i>	147
--	-----
